

4.

The Parka Squirrel

Allegretto (rather fast)

The Par - ka Squir - rel sits so up - right, when he sees a hunt - er in sight.

then he wig - gles his ti - ny nose, and off like a streak he goes. His__

tail spins fast like a ti - ny pro - pel - ler and he chang - es di - rec - tions so

fast. Then he stops, and up - right sits the lit - tle fel - low as if

scan - ning o - ver his past. Then, "Pop", down in - to his hole he goes.
